LOADING INSTRUCTIONS

1. Open right-hand side of label holder (**A**).

2. Push label roll support (**B**) forward and insert labels.

3. Close label holder (**A**) and slide label strip down and out of bottom of machine.

4. Close and hold down platen (**D**) squeeze operation lever (**C**) repeatedly until 5 labels are fed out.

5. Remove protruding labels from backing paper.

6. Fold label strip back and in line with bottom cover (**E**) and close cover until it clicks.
